The Eurostar departures digital network is the newest digital screen network available in the UK. It delivers a new business audience through engaging communication,

creative scope and flexibility within a new Gateway between the UK and Europe's business hubs.

The Business network is targeted by time to provide wastage-free coverage of Eurostar's business audience as they travel throughout the week.

The thirty-two 40" HD LCD screens are strategically positioned in key locations throughout a Departing passenger journey, ensuring maximum coverage, engagement and message take-out throughout the lounge.
